PCS is a specialist financial counselling firm. We are a boutique business providing both an online service as well as having a panel of regulated and licensed advisors who can meet with prospective clients on an "in person" basis if required. Many of our clients are referred by professional Introducers based in various locations around the world. Our purpose is to make a positive difference by going the extra mile to ensure that any client requirement is handled with great care and attention. We operate in the world of facts and truth, evidencing any of our recommendations in the fullest possible way. Our approach is one that will provide you with the clarity and understanding that you deserve and that gives you reassurance that all your important financial issues are being fully taken care of by a dedicated back office team who have ongoing access to legal, technical and tax expertise from our supporting, fully licensed and regulated, pension experts, Investment Fund and Product Providers.
